FARM WORKER RIGHTS

The Wage and Hour Division helps all workers in the United States. We enforce the law without regard to a worker's immigration status.

Agricultural employees at most farms in the U.S. must receive:

- Information about your job and your pay
- Payment at the proper rate for every hour you work
- Safe transportation
- Safe and clean housing

H-2A workers must also receive:

- Reimbursement for visa-related expenses you incur
- Payment for your transportation, food and lodging

If your employer does not provide these things, or you have questions, call us at **1-866-487-9243**. It is illegal for you to be fired or retaliated against for contacting us or exercising your rights.

Our services are **free** and **confidential**.
