SUPPLEMENTAL INFORMATION: On May 8, 2013, the Department of Labor (Department) published at 78 FR 26272 an advance notice of proposed rulemaking (ANPRM) regarding the pension benefit statement requirements under section 105 of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The ANPRM requested comments on specific language and concepts the Department is considering as part of proposed regulations currently under development.
The ANPRM provides that the Department is considering a rule that would require a participant’s “total benefits accrued” to be expressed on his pension benefit statement as an estimated lifetime stream of payments, in addition to being presented as an account balance. The ANPRM also states that the Department is considering a rule that would require a participant’s account balance to be projected to his retirement date and then converted to and expressed as an estimated lifetime stream of payments.
The comment period for the ANPRM is scheduled to close on July 8, 2013. A substantial number of stakeholders are concerned that the original 60-day comment period is not sufficient to provide well thought out and useful feedback to the Department on the complex matters raised in the ANPRM. Accordingly, to ensure that all interested persons have the opportunity to prepare and submit comments, EBSA extends the comment period from July 8 to August 7, 2013.
Signed at Washington, DC, this 8th day of July, 2013. Phyllis C. Borzi, Assistant Secretary, Employee Benefits Security Administration, Department of Labor.
